IT'S 2022 - HOW'S IT GOING?

Dr. Kathy Crockett

Evaluating things is using systems and strategies. Yet also there is an art form to it. Not always an exact science. There are nuances to navigate.

Describe the season you are in right now.

What do you need to live well through this season?

What needs to be added to the calendar (painter)?

What needs to be taken off your calendar (sculptor)?

What needs to be shifted (potter)?
